MUST DO'S

- The sooner you apply (and get accepted) to colleges the sooner you can access their financial aid. First call you make after being accepted.
 - Don't wait to apply to college, or to hear back, to start searching for scholarships. Should be a "part-time job" from today till graduation!
 - FAFSA- complete even if you don't think you'll qualify for any aid. Many schools require FAFSA information to access other scholarships.
