#### ***Will safe practices be in place while my student is attending in-person classes.***

While our teachers and staff will do their best to monitor safe practice policies, it is ultimately the responsibility of the students to follow through with their actions. We encourage students to wash their hands with soap and water throughout the day - Maintain Social Distancing whenever possible. 6' of space is optimal and 3' is the norm. There may be times when the Social distancing guidelines can't be followed but to do their best whenever and wherever possible and be especially mindful in high volume spaces such as hallways, stairwells, and doorways.

Students will move from one class directly to their next class. Students should not gather in the halls in order to maintain the safest environment possible and will be reminded during passing to move along to their next class. The expectation is that students follow directives and move to their next class when prompted.

Yes – the cafeteria will be providing lunch on Tuesday through Friday from 11:05 to 11:40 AM. Our Cafeteria staff will operate 5-6 serving stations spaced apart to encourage distancing. As much as possible food will be wrapped.

If your student is feeling ill keep them at home. If they have a fever, are experiencing chest congestion, or have difficulty breathing keep them at home and contact your health provider. Students who become ill at school will be sent home. It is imperative that families provide good contact information so that in the event a student becomes ill, a parent or guardian may be contacted and the student sent home in an expedited fashion.

***What if my student can't attend in-person classes or log into their Schoology account due to illness or other circumstances?***

Attendance policies will vary depending on whether a student is at the school or on-line. If you know your student cannot participate in classes, then please call either of our attendance lines and report their absence – 719-328-6613 or 719-328-6614.

Students can bring a personally owned device, but there is no guarantee that our IT Staff will be able to troubleshoot issues, and it will be utilizing a different wireless network, one with very minimal permissions. This may be a good time to reconsider getting a district owned device. If you wish to check out a district owned device, please come to the school at your earliest convenience, preferably during the following times: Monday and Friday from 9:00 – 11:00 AM or Tuesday and Thursday from 1:00 – 3:00 PM and go to the media center to check out a laptop.
