

Safety Reminders

Falcon Families

Please read the arrival and dismissal reminders below:

Parking Lot and Traffic Guidelines: For the Safety of Our Children

- Traffic is very heavy before and after school. Please teach and encourage your child to watch for traffic in all directions while in the parking lots or neighborhood streets.
- Our parking lot capacity is limited. Daycare vehicles and District 11 vehicles have reserved drop-off and pick-up spaces in our parking lot.
- **IMPORTANT: All busses now pick up and drop off in the Freedom parking lot directly in front of the school entrance.**
- **PLEASE DRIVE SLOWLY** in and around the school.
- The "Kiss & Go" (on Butterfield Dr.) traffic lane is for drop off and pick up only. It is not to be used as a place to park and leave a vehicle.
- Please use the "Kiss & Go" lane to safely drop students off at school.
- For the safety of your children and others, please do NOT park across the street from the school to drop off or pick up your child. Since this is where our Kiss & Go is located, the majority of school traffic is in this area. We have seen some near misses as students run to their vehicle across the street.
- Please remember: These are your friends and neighbors, and each of you has children attending our school. Please be patient and extend courtesy to your friends and neighbors as you enter and exit our parking lot, and/or pick up your children.

REMINDER: All students, staff and visitors **must wear a mask** at all times while on school property during arrival and dismissal.
