

What: Robotics Club and Team

Who: K-5 students with a high interest in robotics and coding

When: Please mark the Fall Semester dates on your calendars. (there will be a Spring Session and those dates will be shared later)

K-1st graders Mondays 2:50–3:20pm: October 2, 9, 23, 30, November 6, 13, 27, December 4, 11

2nd – 3rd graders Tuesdays 2:50–3:40pm: October 3, 10, 17, 24, November 7, 14, 28, December 5, 12

4th – 5th graders Thursdays 2:50–3:40pm: October 12, 19, November 2, 9, 16, 30, December 7, 14

Where: Scott Elementary Room 101 and/or Room 205

Why: This club is designed to introduce and develop students' robotics and coding skills through various challenges. Students will also work on developing collaboration, leadership, and teamwork skills. The end goal is to have them prepared to participate in District 11's 2nd annual Robothon competition May 4th, 2024.

Cost: None Optional T-Shirts may be purchased in the spring.

Robotics Coach: Ms. Collings-Helfer, K – 5 STEAM teacher collise@d11.org

The club is limited to twenty K-1st grade students, twenty 2nd–3rd grade and twenty 4th-5th grade students. Last year the club filled the first day and had a lengthy waiting list. Adding an additional day will allow more students to participate, but please don't delay signing up.

IMPORTANT NOTE: If students have more than 2 absences or 2 behavior concerns they will no longer be welcome to participate in this club. Thank you for your support.

Sign up using the link or QR code. Thank you!
