

# How to log into your Chromebook and use Schoology – 3<sup>rd</sup> – 5<sup>th</sup> Grades

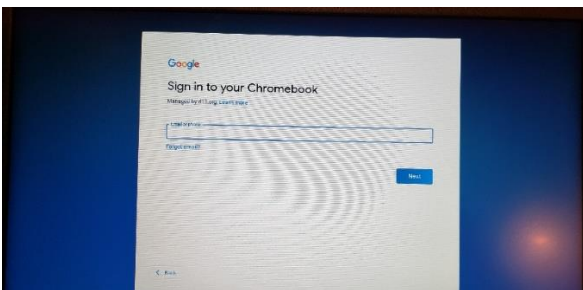

Troubleshooting tips:

- If your device won't turn on, plug it in, then turn it on
- If you log into Schoology and your device gives an error message, close Chrome and open it back up. Schoology should come up as soon as you click on Schoology under the Student Links.
- Remember to use your email address (blue) and network password (green). The red log in will be used later, but is important to have on your log in card.

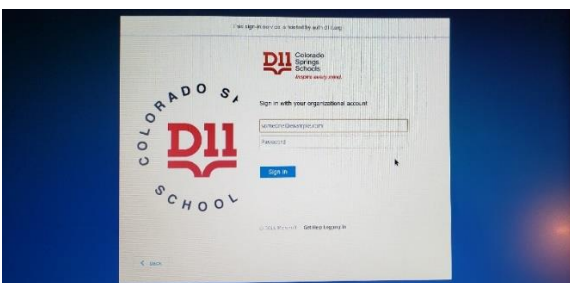

1. After you turn your Chromebook on you will need to select your Wi-Fi and put in your home Wi-Fi password.

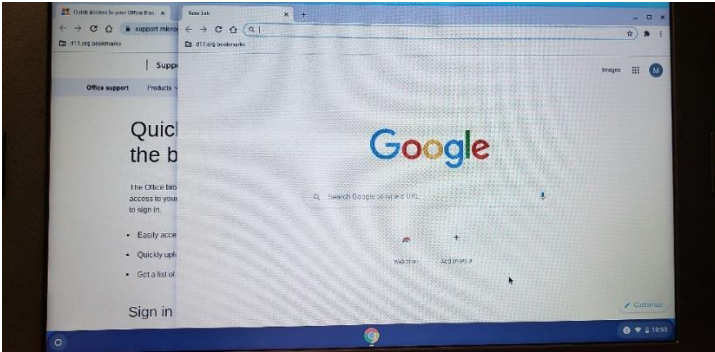

2. You should now have the screen to log into the Chromebook. You will use your D11 e-mail. ([Firstname.lastname@d11.org](mailto:Firstname.lastname@d11.org)) – Your Chromebook should register that it is @D11.org so you may only need to put in your firstname.lastname

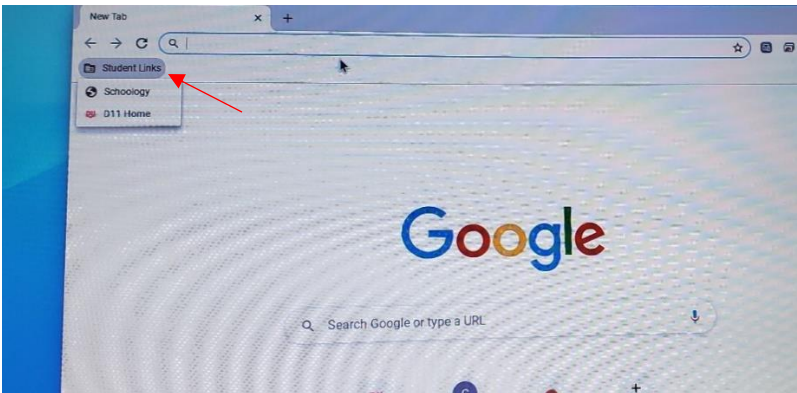

3. The next screen will be your login for D11. Use your D11 e-mail again and your password (On your login cards – Blue for email, Green for password)

4. After you have logged in, you will click on the Google Chrome icon on the bottom of your screen. Once in Google, you might see a google page that has quick access.

5. You will notice at the top left-hand corner there is a bookmark tab labeled **student links**. You can find Schoology and the D11 homepage when you click this link.

7. If you would like to access your School website you can click on the home button to access.
