Dear Health Care Provider,

Colorado Springs School District 11 Board of Education Policy JLCB-E-5, Notice of Exclusion Revised December 14, 2016

The Colorado Board of Health (CBOH) incorporates by reference the Advisory Committee on Immunization Practices (ACIP) immunization schedule. Colorado child cares and schools can only accept immunizations as valid if they meet both the minimum age and minimum intervals as defined by ACIP: ACIP Immunization Schedules for Persons Aged 0 Through 18 Years of Age

There are 3 ways a school/student can meet the compliance requirements directed by the Colorado Board of Health rule:

- 1. A student is considered fully immunized if they have received school-required immunizations according to the ACIP schedule: DTaP, Tdap, IPV, Hep B, MMR, Varicella, Hib, PCV13. (Note: Students entering Kindergarten are required to receive their final doses of DTaP, IPV, MMR and Varicella. Students entering 6<sup>th</sup> grade, regardless of age, are required to receive Tdap) OR
- 2. A student is "in-process" of getting up-to-date on required immunizations (a written plan is provided to the school by the parent) OR
- 3. The student's parent/guardian has submitted a signed non-medical exemption (based on religious or personal belief) or the health care provider (MD, DO, APN or delegated PA) has signed a medical exemption due to a condition that precludes a patient receiving vaccine(s).

If students do not meet one or more of the above compliance criteria, they are not permitted to attend school as stated in the School Immunization Law and the Colorado Board of Health Rules. If you have questions about the student's school immunization requirement, please communicate with the student's school nurse/school representative.

It is strongly recommended that additional vaccines that are recommended but not required be administered to best protect the student from vaccine preventable diseases (i.e., MenACWY, HPV, etc.).

If you have questions about the ACIP immunization schedule, or a dose of vaccine that is marked as invalid in your patient's immunization record, the Colorado Immunization Branch provides a Nurse on-call Monday through Friday, 8:30 a.m. through 5 p.m. at 303-692-2700. Additionally, there are reliable resources where you can search for answers to specific immunization questions that may arise:

Centers for Disease Control and Prevention (CDC) Vaccines & Immunizations http://www.cdc.gov/vaccines/default.htm
